<b>3. Planning for the FY 2013 State Plan</b>		
-----	[Presenter] James Smith	
<b>Discussion</b>	James Smith gave a brief overview of what a State Plan is for SRC newcomers and visitors.	
VR and SRC are partners in this joint effort. James Smith proposed finding a way that SRC members, as a volunteer board, can have meaningful input into the State Plan without a maximum amount of time and effort. The completed State Plan is due by June 30, 2012. A public meeting is generally held in the first week of June to allow public input. Unfortunately public involvement is rare. Because of this, involvement by the SRC is crucial. It is up to the SRC to be the public body which holds VR accountable and provide input to VR on the State Plan. James distributed the State Plan Elements list and the committee reviewed it with him. In order to maximize the efforts of the committee, the decision was made to focus on elements that allow SRC input. James has committed to having the draft of these elements available for review by the committee members by the next committee meeting. The next committee meeting (April 2012) will focus on Questions and Answers and Input related to the drafts of these elements. The elements that will be addressed by the committee are listed below in action items. For additional information go to <a href="http://www.rsa.ed.gov/my_data.cfm">http://www.rsa.ed.gov/my_data.cfm</a> under "reports" <i>click</i> "view reports" <i>click</i> "View all Basic VR State Plans" and then pick Vermont. The list of focus elements is also listed on the SRC website under "Library".		
<b>Conclusions</b>	Committee will focus on 8 State Plan Elements for review and input. James Smith will prepare drafts of each element and will forward to Rebekah Stephens for distribution to committee by March 28, 2012. The committee will review the drafts in preparation for the April 5, 2012 committee meeting. The agenda for the April 5, 2012 meeting will consist of a question, answer and input period for each focus element.

<b>4. “28” Closure Questions and Answers</b>		
-----	[Presenter] Clayton Clark - Senior Planning Coordinator ( Alice Porter - VR Administrative Services Manager was unable to attend)	
<b>Discussion</b>	Clayton Clark distributed a written summary of a portion of the answers to the questions submitted by the committee regarding “28” Closures and mental health consumers. The Planning and Evaluation Unit is examining the questions raised regarding mental health consumer outcomes. Not all questions have been answered at this time. Some questions contain subjective matter (squishy) and are difficult to measure. Therefore there are some questions that may not be able to be answered in their current form. Clayton Clark and his team will be taking a closer look at these “squishy” questions in an attempt to identify how to pull out the measurable data in response to the “squishy” questions. Question 5, 6 and 9 were identified as definitely “squishy” in nature. A full list of the questions and Clayton Clark’s first response memo can be found on the SRC website under “library”. As the Planning and Evaluation Unit continues to delve deeper into the list of questions, additional response memos will be forthcoming.	
<b>Conclusions</b>	Clayton Clark did an awesome job on this presentation. We look forward to future response memos.
